

What and why?

Easy to install, 3 bar LED light upgrade designed to retro-fit the Insight LED 64L Aquarium. Additional Bright White light encourages exceptional plant growth without encouraging algae. The LED light also creates an attractive ripple effect in the aquarium.

What's in the box?

- 18.5" (470mm) Bright White triple tube
- 36 x 0.2w LED
- Low profile transformer with inline switch
- Multipurpose fitting brackets
- 7.2w, 12v

Installation

Unplug the aquarium. Unscrew and remove the Cable/ Auto timer cover from under the hood (a). Then, remove the existing 2 bar LED by unplugging from the Lighting & Aquacare power hub (b) (or Auto Timer, if fitted), and release from the hood by sliding the retainer clips (c) away from the lamp at both ends.

Fit the three bar unit by clipping it into place using the sliding retainer clips (c) and plugging the connector into the Lighting & Aquacare power hub (b) (or Auto Timer, if fitted)

– push fit the lamp cable into the retainer channels to keep it tidy (d). Replace the Cable/Auto timer cover (a).

Guarantee

This product is guaranteed against defects in material and workmanship for 12 months from the date of purchase, under normal usage. The **GUARANTEE DOES NOT APPLY** in case of improper use, negligence, lack of maintenance or accidental damage. If the LED light unit fails due to a manufacturing fault within this period it will either be replaced free of charge or repaired. Liability is limited to replacement of the faulty product only no other costs will be reimbursed. This guarantee is not transferable and does not affect your statutory rights. This guarantee does not confer any rights other than those expressly set out above.

You can help protect the environment. Please remember to respect the local regulations: hand in non-working electrical equipment to an appropriate waste disposal centre.
